

Specifications/Features

Fixture

Slim styling with excellent heat dissipation compliments any decor.
90° Vertical and 360° horizontal swivel for accent or downlighting applications. Solid grip lampholder.
Fixture can be further customized with accessories.
Fixture is milled from solid brass and finished in hand-polished chrome, platinum or 24K polished gold plate, smoked bronze or black.
Available in two different lengths: 3-1/2" and 9-3/4".

Mounting

SL: Standard rail mount. Allows the fixture to be conveniently mounted anywhere along the rail system up to the maximum capacity of the circuit.

Lamp

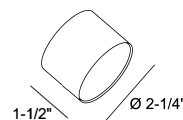

(1) 50W (max.) MR16 FG lamp, GU5.3 base or compatible LED lamp (by others).

Available Finishes

C - Polished Chrome
PL - Platinum
B - Black

Deco Snoot

The **Deco Snoot** is a glare reducing, low surface brightness accessory.

The sleek Black snoot extends 1½" beyond the MR16 light source, all but eliminating glare.

Available for our ATTO and VARIAN Series fixtures.

6090DS: 3-1/2"
6250DS: 9-3/4"

Rated for 12 volts.
